

Comment and Review

Hillyard was the single response to IFB #110105 at the time of opening. Prior to the opening, NJPA was anticipation a response from Interboro Packaging Corporation, Aset, Supply and Paper, Inc., Unipak Corporation, and All American Poly. These companies contacted NJPA to request copies of IFB #110105, however they did not respond. We participated in multiple information discussions with Aset Supply and Paper and fully expected a strong response. Timing issues and lack of corporate marketing structure was indicated as the rational for not responding.
