

WINTER® RAZOR® SYSTEM

The Go-To Snowplow Blade In All Conditions

LONG BLADE LIFE

- **Hassle Free Installation** - The steel cover blade with wear indicator is welded to the front of the interlocking carbide insert blade. Each Razor blade comes in three and four foot sections eliminating the use of full length blades.
- **High Wear Protection** - Two UNIVERSAL CURBRUNNER® PLOWGUARDS protect your blade ends against premature wear. Promotes even blade wear over the life of the blade which enables full use of the blade carbide.
- **Aggressive cutting edge** - The steel cover blade self sharpens as it wears cutting through packed snow and ice.

RAZOR® CARBIDE INSERT BLADE SYSTEM INCLUDES

- Three and four foot interlocking Razor blades. 6" x ¾" carbide insert blades with a welded 3" x 5/8" steel cover blade
- Two PlowGuard CurbRunners® with Winter® Carbide Matrix™ to protect blade and plow ends.
- Two Adapter plates for PlowGuard attachment.
- Grade 8 steel plow bolts, washers, and lock nuts in one kit.
- Easy assembly instructions.

**ORDER YOUR
RAZOR® SYSTEM
USING ONE PART NUMBER**

- **Hardware Included**
