

MOBILE FUELERS

MOBILE FUELERS

● PORTABLE AND MOBILE

Ideal for construction sites, emergency preparedness, small fleets and temporary fuel sites. Use for diesel, gas, alternative fuels, lube oils or av-gas fleets.

● ENVIRONMENTALLY SAFE

Single wall tank with 110% containment dike and filtered drain pump. Factory installed vents, valves, pump, hose and reel. Complete with decals, placards, fire extinguishers and wet/dry spill kit.

● MULTIPLE SIZES AND OPTIONAL EQUIPMENT

Available in one, two or three compartments, from 550 to 4,000 gallon capacity. Optional equipment includes a 2nd pump assembly, emergency generator, grease system and "lojack" protection.

● HEAVY-DUTY, DOT CERTIFIED TRAILER

Includes electric brakes, G-rated tires, tow package with safety chain, removable light cord and trailer hitch. Four drop down stabilizer legs include matched padlocks.
