HELPING YOU FIN

REALIZE THE POWER & VALUE OF CONTRACT PURCHASING

STRATEGIC SOURCING MADE EASY

Maneuvering through the bid and purchasing process can be frustrating. Sourcing through NJPA eliminates the frustration because contracts are competitively bid on your behalf - putting you on the fast track to contract purchasing solutions.

The National Joint Powers Alliance® (NJPA) is a municipal contracting agency and member-owned cooperative serving all public and non-public educational systems, governmental agencies and non-profit organizations. Your organization has the opportunity to join the 30,000 members that have access to discount pricing from competitively bid contracts, at no cost and without obligation and no liability.

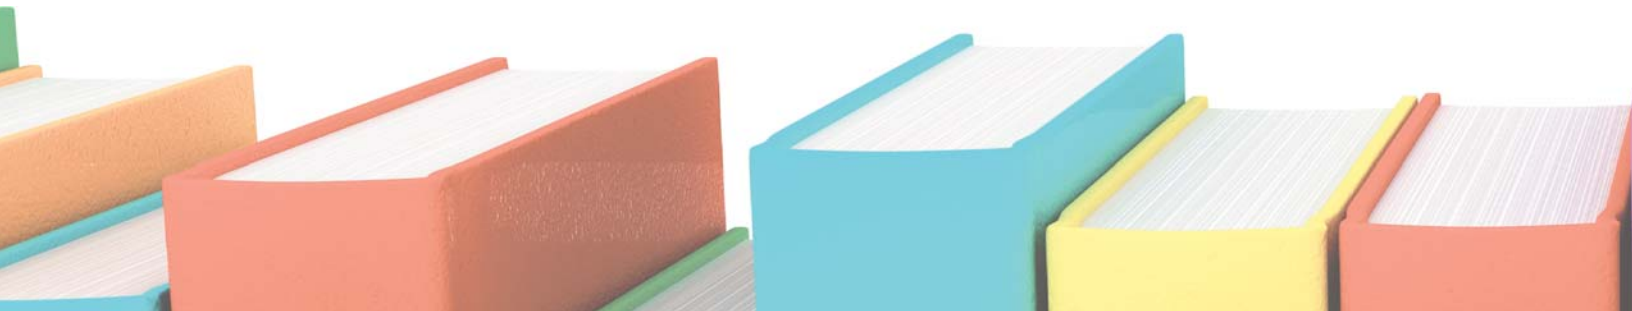

The benefits of NJPA membership:

- Time and resource savings in the purchasing process
- Large volume pricing, regardless of the quantity needed, on quality products and services from national vendors
- The satisfaction of knowing your purchases will combine with those of sister agency members to help drive down pricing even further

Joining NJPA will save you time, money and avoid duplication of the bid process.

Please visit www.njpacoop.org for more information.

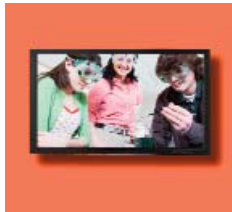

Sharp's Award Winning Copier Line-Up

AND A BETTER WAY

SELECT A PRODUCT FOR EVERY NEED

In today's challenging and budget-conscious environment, organizations are seeking ways to streamline workflow, optimize productivity, and ultimately reduce costs. **This can be accomplished through Sharp's exclusive national cooperative contract with NJPA.**

Whether you need high-volume power for large workgroup and production environments, or a compact desktop unit for small business or department use, Sharp offers a full line-up of multifunction copiers to meet your organization's needs. From copying, printing, scanning and faxing, to managing your information securely, Sharp copiers can help boost productivity and minimize operating costs.

You can bring your ideas to life by displaying them on state-of-the-art Sharp LCD flat panel monitors and projection products; for use in classrooms, public display areas and meeting rooms. Bring high impact multimedia to new places with superior image quality, made by the world leader in Liquid Crystal Display (LCD) technology. And from our lightweight and portable Conference/Classroom series projectors to our fully networked Large Venue models, you'll find intelligent design and features sure to portray your message in the best light.

Environmental Initiatives

Environmentally Advanced Technologies

Through unprecedented research and development efforts, we have succeeded in reducing the power consumption of our document solution products. Our new, state-of-the-art toner cartridges are one-fifth the size of conventional toner cartridges, requiring fewer packaging materials and significantly less power consumption. Our proprietary organic photoconductive drum unit also has an extended life of up to one million pages. Power consumption is among the lowest in the industry and supports two different energy saving modes to reduce or shut off power after a set interval.

Toner Recycling Program

As part of our commitment to preserving the environment and reducing landfill waste, we provide a Toner Recycling Program with pre-paid shipping labels for all Sharp copier toner cartridges. In addition, to facilitate bulk shipments, conserve resources and reduce energy use, Sharp provides a toner cartridge shipping carton for up to 10 used cartridges.

Nationwide Coverage

Your relationship with Sharp doesn't end after you purchase a copier. To ensure the highest level of satisfaction and support, Sharp stands behind every product through its nationwide network of professionals that are eager to work with you and address your specific needs. With both local representation and national reach, Sharp's direct branches - Sharp Business Systems and the Sharp network of over 400 independent authorized dealers provide the highest level of service and support to customers throughout the country.

We take pride in supporting the relationships forged by our direct sales team and local authorized dealers, which make it easier and faster to launch products that will continually add value and help enhance productivity. The extensive network of authorized dealers also enables us to support large installations with offices throughout a region or spanning the country. This combination of responsive local management and nationwide support delivers outstanding experience to our customers.
